

# The Recorder

---

## Overview

*The Recorder* is California's leading publication at the global crossroads of the legal, business, and technology trends shaping law practice today. Your news coverage addresses the legal challenges facing tech companies and their in-house and outside counsel as well as the business of law challenges at tech-centric firms and practices. Our experienced journalists provide daily coverage of the critical issues and trends for lawyering in a tech economy.

- Be the first to notify your client (whether in-house or CEO) about the litigation, regulatory developments, deals, and controversies occurring in your legal community
- Get early morning updates delivered to your email to insure you are starting your day armed with the knowledge of the most critical developments for your practice
- Catch afternoon case updates by practice area with easy-to-digest summaries

## Daily and Weekly Features:

- Profiles of the Plugged-In People in the Legal Community
- Practical Guidance such as Your Skills, Your Business, Careers, and substantive law topics
- Daily news and perspective on the business litigation developments that may affect your clients and practices
- Daily reporter tweets from the courtrooms and meeting rooms where decisions are being made that your clients want to know about first
- Not only a report of the legislative and regulatory developments that are important in an innovation economy, but the meaning and impact of those developments

The unique combination of *The Recorder's* daily digital and weekly print solutions as well as the daily and weekly newsletter delivered to your inbox keep you informed of what matters most in your California practice.
