

FOCUS EUROPE

Market reports, pending laws and litigation, personnel shifts, and more... *Focus Europe* delivers information that U.S. corporate leaders with interests on the continent, and in Great Britain, must have to conduct business strategically.

Published twice a year, *Focus Europe* interprets the European legal and business market for an American audience — covering the law firm news, corporate deal making, key legislation and major court cases throughout Europe that impact U.S. firms and their clients.

This magazine is designed for discerning readers — leaders in global business and legal affairs. It's for the professionals who not only need to stay abreast of market developments overseas, but demand analysis and insight into the events and trends that will affect their future.

As a primer AND a news-bearing commentator on these events, *Focus Europe* reaches law firm and corporate leaders—making it easy for advertisers to reach them too.
